

Linner Notes "Fluctuaciones"

pncd11 / november 2016 / more info: <http://www.pueblonuevo.cl/fluctuaciones.htm>

"El Sueño de la Razón produce Monstruos" (2009) Stereo | 12:32

Specially composed for the thematic concert of September 11th in Chile, which has been traditionally organised every year by the Laboratorio ARCIS de Informática Musical (ARCIS Computer Music Lab) at that university with the support of the SCD (Chilean copyrights society). Inspired by the paintings and printings by Francisco de Goya and they disturbing topicality.
